Remarks

This beautiful colonial style villa nestled close to the spectacular golf course in Casa de Campo, is just what you need for that winter get-away or your new life in paradise.

The over sized rooms, the unique windows and shutters, coupled with the beautiful vaulted wooden ceilings make this property a must see, with 6 bedrooms (one on the ground floor) and 8 bathrooms, there is plenty of space for that large extended family, or, with the potential of catering for 14 people it would make an excellent Air BNB for large groups.

Natural local Coral stone (colonial stone) is used throughout the home in the bathrooms and floors and combined with the styled fixtures and fittings, it gives the home a warm and rich feeling.

Situated in over 22,000 Sq.Ft. this 5,500 Sq.Ft. property has a few unique features, like the oversized front door, the child friendly pool, the outside eating area covered by the local palms, the country country style oversized back yard and of course, service quarters.
